I think I have had a very interesting life. I'm 73 now and I don't work anymore. I was in the army for 51 years. I retired when I was 68. I have been to so many countries that I can't remember all of them, I have been to Australia six or seven times and to South Africa three times. I have also been once to Russia but I didn't like it at all: much too cold for me!

I have never been on television, but I've been on the radio once. It was a programme about life in the military about twenty years ago. I met the Prime Minister on the same day. Actually, I have met a lot of famous people: members of the royal family, famous politicians and also famous cinema and television personalities. I've never met the American President though which is a pity.
